When you buy a raffle ticket you get to try and guess how many sweethearts are in a container, winner gets the container filled with candy. You will also get a sticker and a paper heart that we will put around the school. You can get as many guesses as you want for fifty cents each. If we reach our goal of two hundred and fifty dollars the whole entire school will get a dress down day. If not the classroom that donated the most money will get the dress down day.
